ARNOLD BOWMAN IS HOME AFTER A BUYING TRIP

Buyer of Men's Clothes at
Wright's Has Novel
Trip.

Arnold Bowman, manager of the clothing department of Wright's store is home after an absence of three weeks during which time he has been in the clothing market looking for and buying men's suits and overcoats. "If anyone tells you that men's clothing is scarce, believe them," said Mr. Bowman today. "Ordinarily we would go into the market and sit down in one house and buy all the clothes we want. But today it is an entirely different game. In order to secure the kind and quantity of clothes that I want to New York to get, I actually shopped around just like I was buying at retail. I would buy two suits here and three there and ten at another place and I took no chances on their promises to deliver. In most cases I actually took the merchandise away with me and saw to it that it was put into the express."

"But the result is that I have bought three hundred suits, and two hundred overcoats, and I bought them at prices that are positively wonderful on today's market. We are going to sell this clothing on a very short profit—but we are going to give to the men in this vicinity, suits and overcoats in values as good as they bought before the war. Now that is a pretty strong statement, but I am hoping that a lot of men will come in here and make me prove it."—Advertisement.

FLIRTING WITH HEARTS OF MEN

Big Picture at Alhambra;
Hawaiian Pictures Where
Temple Located Shown.

The Paramount Artcraft special which comes to the Alhambra next Sunday for a three-days' engagement could well claim three titles: "Trapped on a Road House," "The Bond Inevitable" and "Flirting With the Hearts of Men."

Irene Castle does wonderful work. There is a gripping scene when the big automobile goes over the cliff, and tense moments when the girl is lured to the road house.

Added to the program will be a Prizma most gorgeously portrayed in natural colors of Late Hawaii where President Grant of the Mormon church has gone to dedicate the new Mormon temple. And Fatty Arbuckle's greatest picture just released, "Hayseed." You'll get your money's worth, and then some, next Sunday. Three days.—Adv.

KOLCHAK RECALLS GENERAL

Will Take Personal Command of Armies at Front.

VLADIVOSTOK, Tuesday, Nov. 11.—Admiral Kolchak, head of the all-Russian government, has recalled General Dieckhoff, chief of staff, to Omsk, and has announced he will take personal command of the armies at the front. Martial law has been declared in Omsk at Tomsk. In Trans-Baikalia, all rail way men, from the minister of communications to ordinary workmen, have been conscripted and placed at the disposal of the commander-in-chief on the eastern front.

COPENHAGEN, Nov. 18.—Lettish troops still are advancing along the entire front west of Riga against the forces of Colonel Dermond, and captured Shklov on November 14, reaching the Aa river at many points, according to a report received from the Lettish News Bureau at Riga. The dispatch states that fires and explosions have been observed in Mitau.

LOUISVILLE, Ky., Nov. 18.—The proposed appearance here Thursday of Fritz Kreisler, Austrian violinist, has been called off by the Louisville Fine Arts league upon complaint of the local chapter, American Legion.

CAUTION—White Bitro-Phosphate is guaranteed for the relief of nervousness, general debility, etc. those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.—Advertisement.

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorus in the human system is very largely responsible for this condition.

It seems to be well established that this deficiency in phosphorus may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change—nervous tension disappears, vigor and strength return, the whole body loses its ugly hollow and shriveled angles, becoming enveloped in a perfect health and beauty and the will and strength to be up and doing.
